Description:

The eighteenth edition of *Foundations of Physical Education, Exercise Science, and Sport* emphasizes the role of culturally competent professionals in meeting the needs of our increasingly diverse population and in promoting lifespan participation in physical activity for all people. Up-to-date statistics and information are provided on health and physical activity levels, career preparation and professional paths within physical education, exercise science, and sport. This edition retains its strong coverage

of the foundations of motor behavior, biomechanics, exercise physiology, sport and exercise psychology, the sociology of sport, and physical education pedagogy. The text also emphasizes preparation for a diversity of careers in a variety of settings, addressing areas that include teaching, coaching, exercise leadership, athletic and personal training, sport management, and sport media.

Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Complete system requirements to use Connect can be found here:
