**Description:**

The Peaceful Pill Handbook is the leading self-help guide to end of life planning for Seniors and folk who are seriously ill. Written from a civil rights perspective, the Handbook aims to provide critical information, knowledge, power and control to those who care about when and how they will die. The Handbook provides detailed discussion and analysis of strategies in lay language which everyone can understand. Topics covered include: the old fashioned barbiturates (sources, online scams, storage and testing), gases such as Nitrogen, prescription drugs such as morphine, fentanyl, etc inc

street drugs and the myth of the simple overdose, poisons such as cyanide and the three Swiss services available to foreigners. First published in 2006 the Handbook and its authors has been interviewed extensively in media including the New York Times, BBC, The Times, The Guardian, CNN, Al Jazeera, France 24, ABC, Sydney Morning Herald. Originally from Australia, the authors are based in the Netherlands; the global home of assisted suicide movement. Each strategy is ranked according to reliability and peacefulness. The Handbook is aimed at Seniors and folk who are seriously ill, and their family and friends.
