Description:

NOTE: This ASIN is text alone which automatically includes access to a different digital product; EESEE.

This remarkably engaging textbook gives biology students an introduction to statistical practice all

their own. It covers essential statistical topics with examples and exercises drawn from across the life sciences, including the fields of nursing, public health, and allied health. Based on David Moore's *The Basic Practice of Statistics*, PSLS mirrors that #1 bestseller's signature emphasis on statistical thinking, real data, and what statisticians actually do. The new edition includes new and updated exercises, examples, and samples of real data, as well as an expanded range of media tools for students and instructors. What's in the LaunchPad

Maximize Teaching and Learning with WebAssign Premium

Macmillan Learning and WebAssign have partnered to deliver WebAssign Premium - a comprehensive and flexible suite of resources for your statistics for life science course. Combining the most widely used online homework platform with authoritative textbook content and Macmillan's esteemed Stattools, WebAssign Premium extends and enhances the classroom experience for instructors and students. Preview course content and sample assignments at www.webassign.net/whfreeman.
